About the Convocation-cum- Scientific Convention

National Academy of Veterinary Sciences (NAVS), India is organizing XXII Convocation cum National Scientific Convention on "Challenges and Priorities for Optimal Production of Livestock, Poultry, Healthcare and Nutrition of Pets" during March 8 to 9, 2025 at Veterinary College, KVAFSU, Hebbal, Bengaluru. The main emphasis is on the sustainable animal health and production which are crucial for ensuring food security, environmental conservation, and economic stability along with exploring challenges and priorities in this area. Many factors play an important role in sustainable animal health and production like disease management, antimicrobial resistance, nutrition, animal welfare, environmental impact, technology and innovation, smallholder integration, policy and governance etc. Entrepreneurs and Entrepreneurship in sustainable animal health and production have the potential to drive significant positive change in the industry. By addressing environmental impacts, improving animal health and welfare, adapting to market pressures, and navigating regulatory challenges, they can create resilient and sustainable business models. Prioritizing innovation, ethical practices, and consumer engagement will be key to success.

About the National Academy of Veterinary Sciences (NAVS)

The National Academy of Veterinary Sciences (India) is an apex premier agency for the development of Veterinary Sciences in India that was established on lines similar to the National Academy of Medical Sciences by eminent visionary Veterinarians to promote and consolidate the scientific views on livestock sector in National economy through promotion of animal welfare. It has been registered by the Registrar of Societies, Delhi vide Registration Certificate No. S-2/4471 of 1993 dated 7th July, 1993 and has emerged as the largest think-tank of all branches of the profession for research & development departments of the country engaged in Animal Husbandry & Veterinary Sectors. The Academy was established to promote the interests of Veterinarians in the country and was launched with Dr. Chinta Mani Singh, a doyen of Veterinary Services in India, as its Founder President. The academy was formally inaugurated by Hon'ble Minister of State for Animal Husbandry and Dairying (Independent Charge) Government of India, Dr. Raghuvansh Prasad Singh on 18th December, 1996 in Vigyan Bhawan, New Delhi, and the Scrolls of Fellowship to the duly elected National Fellows/Members during 1994-95, were presented to them by the Hon'ble Minister at the Investiture ceremony. NAVS established with the aim and objective of promoting knowledge of Veterinary Sciences, its practical application and to secure coordination between Veterinarian and other scientific academic societies, associations, institutions and Veterinary/ animal husbandry scientific developments and services. The Academy has about 450 members including Fellows, Institutional and Corporate Members and Elected Members. The association is successfully organizing its annual conferences/symposia and Convocations for awarding fellowships recognizing life time achievement of its members.

About the Host University- KVAFSU

The University was established exclusively for the strengthening education and learning; conduct of research and extension education and transfer the rural oriented technologies in the areas of Veterinary, Animal, Dairy and Fisheries Sciences in Karnataka. The logo of the University is inscribed with the slogan Farmers Friendly and Rural Oriented, which emphasizes the importance given to betterment of farming community and is an autonomous academic institution governed by its Board of Management which regulates the polices of the University in accordance with the provision of act and statutes. The University is striving hard and provide leadership in

teaching, research and extension education services related to Veterinary and animal sciences, dairy sciences, fisheries and other allied sciences. The University endeavor is to keep pace with new frontiers of science and contemporary developments to be socially and technically relevant. In this context,

the Karnataka Veterinary, Animal and

Fisheries Sciences University is strongly committed in absorbing newer paradigms and using them to develop excellent human resource, innovative technologies and their dissemination, so as to serve the livestock and fishery farming community of the state and the country.

About Veterinary College, Bengaluru

The Veterinary College, Bengaluru was inaugurated on 25th July, 1958, by his Highness the Maharaja Shri Jaya Chamarajendra Wodeyar, the Governor of Karnataka. In 1965, the college became the constituent college of the University of Agricultural Sciences, Bengaluru. In 2004, after the establishment of Karnataka Veterinary Animal and Fisheries Sciences University (KVAFSU), the college has become the part of the Veterinary University. The main focus of this college is teaching, research and extension and its aim is to make Veterinary education responsive to the growing needs of the society in general and aspirations of the livestock farmers in particular. In this direction, effort is to produce highly skilled and competent manpower to meet the needs of the changing society and challenges of the emerging new areas of research and extension. The college is collaborating with many foreign universities and institutes and gives training in the areas of clinics, animal sciences and wildlife. The graduates and staff members are playing a major role in the control of communicable diseases from animals to man like rabies, tuberculosis, brucellosis, leptospirosis, tapeworm infection etc.

About Bengaluru: It is well connected by Air, Train and Roads from all Major Cities of India and the convention period will be in late winter season and the temperature ranging from 18 to 28 ° c.
